

Dear CSFI,

This letter comes to you as a strong recommendation for your group, Cyber Security Forum Initiatives. Thank you for the cordial exchanges over the time we worked together. All deliverables that were discussed in our agreement were executed on the agreed upon date with no setbacks. Every time I had a question about the services, I received a response almost immediately, which I found extremely helpful.

I appreciate CSFI Social Media Promotional Services for being a reliable partner and helping us reach toward our goals as a company. The audience you have put together is very relevant for the industry I was targeting and I would certainly recommend your services to any of my colleagues working in this field.

Thanks again for all your help.

Sincerely Yours,
Stephen Aponte
